# One Home with two independent wings

Situated just outside Romsey this stately country house sits in twelve acres of beautiful gardens  
The home has two independent wings specifically designed to cater for different Resident needs

## Beeches

Beeches is a fully secure wing established to provide care for Clients with dementia aged 60 years and above.

It encompasses design features throughout the wing and in the grounds, to enable Residents to freely use all of the facilities the home has to offer.

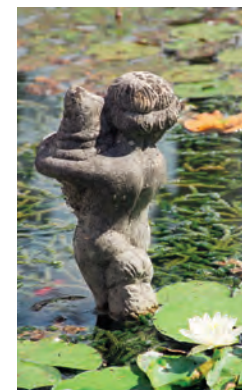

## Willows

Willows has been designed to offer general nursing care, respite and specialist palliative care for clients of 60 years and above.

It provides a warm and homely environment where our residents

are treated with dignity and privacy at all times.

The calm and tranquil gardens and spacious activities area provide a comfortable and stimulating home.

**Beeches** with its light and airy lounge and separate dining room offers stunning views over the gardens and grounds. In the warmer dryer weather Residents can freely sit out and make use

of the secure court yard garden featuring varied activities for the Residents to try when walking around. Our enthusiastic activities team keep the Residents entertained throughout the year.

**Dunwood Manor** is renowned for the high standard of nursing care practiced within the home. An on-going training programme ensures that all staff are trained to a high standard and are kept abreast of

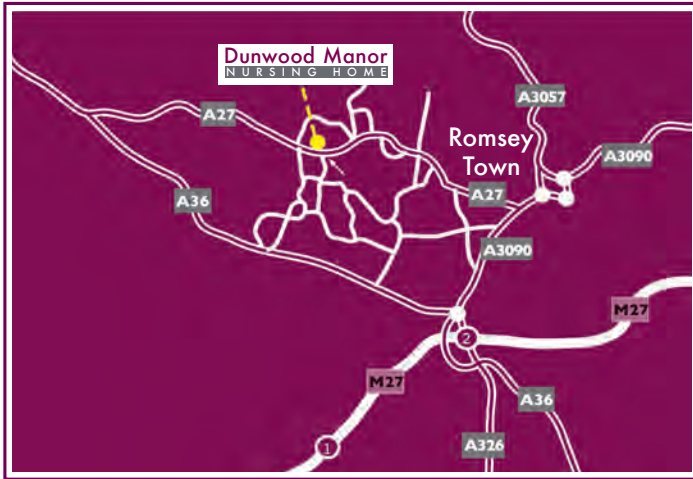

the latest legislation and best practices. All staff show true empathy and kindness within their work. This interest ensures that every Resident has an individual plan of

care developed to empower the Resident at every opportunity. Our mini- bus runs regular trips to the local town, shops, churches, pubs as well as the theatre and drives in the forest.

The home benefits from two visiting hairdressers, chiropody, dental, optical and hearing services. Our remit is simple - to ensure our Residents enjoy a fulfilling quality of life.

**Willows** provides a warm and homely environment coupled with tranquil gardens and a stimulating activities area. The elegant, light and spacious orangery has lovely views over

the stunning grounds. In warmer weather the gardens can be enjoyed from the comfort of the bandstand. A quiet lounge also offers a peaceful retreat whenever needed.
